GREETINGS FROM THE CAPTAIN

Welcome to the Lake of the Ozarks and to Captain Ron's for the 35th anniversary of the Lake of the Ozarks Shootout Boat Races. This year marks the 16th year that Captain Ron's Bar and Grill has hosted the Shootout. In 2022, the funds raised from this event reached a new high of \$625,000! This money goes directly to eight local fire departments and 32 charities. Each year, this event has continued to grow, and 2023 is panning out to be even bigger!

Leah Martin was introduced as our director of the Shootout last year and with the growth, we have now added an assistant director, Rickie Smith. He has volunteered and assisted with the Shootout events for five years already. You may have seen him organizing lineups at the Shootout on the Strip Street Party, running a camera for Lake TV at events, or seen his name in the

organization of the Poker Run in the past. We are excited to welcome him to the organization this year.

This year's events have new volunteers, new vendors, new broadcasts, and a whole new field of racing! We are excited to welcome kilo boat races to our Sunday afternoon lineup. If you can't see the action live, please check out our broadcast partners to watch the races.

This event is so important to our venues and charities. We have over 700 volunteers already committed for this year! I want to thank everyone involved in this process! We couldn't do all that we do without your help and dedication. Our whole board of directors continues to thank all of those involved!

Sincerely,

Ron Duggan,
"Captain Ron"
Board President
